Hitchcock's Combination Suction and Force Pump!

FOR SALE, a new kind of PUMP—suction and force—different from any thing now in use, for durability &c. You can draw water from a deep well and force it to any part of your building at the same time, in case of fire or any other exigency. You can have it with or without the forcing part. Any person, with a jack knife can do all the repairing that it will need for twenty years, as it will not get out of order and is not liable to freeze up like other Pumps. It has received the first premium at four State fairs, and numerous county fairs.

It may be examined at the Tin Shop of P. B. MILLS, Exchange street, Bangor, where I shall remain for a few weeks. Town rights for sale.

AUGUST—Harper for August rec'd by E. F. DUREN.

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via. Panama R. R.

By order of the Post-master General, the United States Mail Steamers will hereafter be despatched from New York to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense*. This is the *only line* giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation, over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and tickets thus signed can be obtained, of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city. American & Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington under the Act of 1837.)

76 State St., opposite Kilby St., *BOSTON.*

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also, in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS MASON,"

Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,

Late Commissioner of Patents

"Boston, February 8, 1858

Mr. R. H. Eddy has made for me THIRTEEN applications on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART"

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

EPH. HORN,

The first and only Ethiopian Clown in the world, whose rich germs of genius and humor have made him a BLACK STAR, brilliant as anthracite coal and popular from Maine to New Orleans. Purely original in all he says and does, EPH HORN stands alone and unapproachable amongst all the delineators of Ethiopian character

Mr. WILSON,

Of Provincial celebrity, will also tumble and achieve great things including the YORKSHIRE Clog Dance

Messrs King & Smith,

As Aero sis Gymnasts and Athlets, have also been secured and will present among other features, the TRIPLE TRAPAZE on three horses, also the difficult feat of the LA GASTIQUE PERCHE & FLYING ORB. Mr King will effect his Triumphs of the Trampoline in the execution of which he will accomplish his Flying Leaps over Files of Men and Droves of Horses

PATENT AGENCY.

SAMUEL COOPER,

Late Principal Examiner of Patents in the United States Patent Office, at Washington,

HAS REMOVED HIS OFFICE TO

WEBSTER BANK BUILDING,

13 Exchange Street, Boston.

PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re issues and extensions procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured through prompt and confidential agents in London and Paris

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington

He begs leave to refer those unacquainted with him to the following testimonials.—

From the Hon. Charles Mason, Commissioner of Patents.

U. S. PATENT OFFICE, Feb 23, 1855

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor and has been in that capacity in constant correspondence and intercourse with the Office. He has evinced a thorough acquaintance with the Patent Laws and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that had rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.

CHARLES MASON Commissioner

From the Examiners of the Patent Office

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge of the business and practice of the office and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

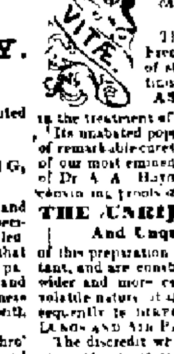
HIGHLY IMPORTANT DISCOVERY



Fousel's Pabulum Vitæ

Has now gained the position before the public as THE ONLY REMEDY yet discovered for the speedy relief and permanent cure of

CONSUMPTION,

Coughs, Colds, Hoarseness, Bronchitis, and all other Pulmonary Complaints.

The discovery of an eminent French Physician after many years of study and observation, it continually meets with the most ASTONISHING SUCCESS in the treatment of the above complaints.

Its unabated popularity, numerous certificates of remarkable cures, the commendation of some of our most eminent physicians, and the analysis of Dr. A. A. Hayes the State Assayer, are convincing proofs of

THE UNRIVALLED VIRTUES

And Unqualified Superiority

of this preparation to any other remedy now extant, and are constantly contributing to gain it a wider and more enviable reputation. From its volatile nature it is not to be found in the sequently in market. In its action upon the Lungs and Air Passages.

The discredit which has been thrown upon all preparations not prescribed by men of physic, by reason of the recklessness with which worthless and injurious compounds have been imposed upon the public will tend to deter many from availing themselves of the benefits of this preparation, the manufacturer as unreservedly in all sincerity, that this medicine is not only perfectly safe and free from all other deleterious ingredients but guarantees that it will effect all that he represents, not having heard of a single case where it has failed to give satisfaction.

Buchanan's Endorsement of English.

The following letter is published in the New Albany (Indiana) Tribune as that which the renegade English has been displaying in order to secure his renominations to Congress. It is doubted by many whether President Buchanan could possibly stoop so low as to write a letter like this, and English is freely charged with forgery, but we do not know as the document is any more disgraceful to the President than the private letter which he wrote to a member of the Pennsylvania Legislature to prevent Mr. Forney's election to the U. S. Senate, and which did prevent his election—or any more disgraceful to the Chief Magistrate than his contemptible interference in New York city politics, in the removal of District Attorney McKeon for opposing the election of the notorious Mayor Wood. At any rate there appears to be no doubt that English *made good* use of this letter in defeating his competitors before the nominating convention:

WASHINGTON, July 25, 1858

Hon. Wm. H. English.

Dear Sir: Aware that the convention for nominating a Democratic candidate for Congress in your District will convene in a few days, I cannot refrain from expressing the hope that you may be the unanimous nominee of the convention. If I lived in your district and had a thousand votes you should have them all. Occupying the position you do, I consider it essential that you should succeed in obtaining the nomination. A failure in this would be regarded by me as a rebuke to my Administration. There may be some aspirant or aspirants for the position in your way. If so you may say to them that by giving you a clear track they will gain my favor and may expect to be provided for in a suitable manner. If nominated, *I will throw as much assistance into your district as you may desire.*

Our friend Hughes, I see, has had a hard row to hoe. He will be liberally sustained—Of this you may rest assured.

Your friend,
JAMES BUCHANAN.

In connection with English's Known Bill, the Chicago Tribune is seeking for light on an interesting point. It must say that a meeting of Anti-Lecompton Democrats was held at the residence of Senator Broderick on the Monday night previous to the passage of the English bill, at which Col. Forney was present, it asks

"Is it a fact, that after Senator Douglas and all the rest of the meeting, except Senator Broderick, had signified that they would accept the English substitute, Col. Forney slightly protesting, that the California Senator arose to his feet and said in substance: 'Gentlemen, you can vote for the English substitute if you will; but should you do so, as sure as there is a God above, I will denounce you upon the floor of the Senate for having deserted and sold out to the Administration.' And is it a fact that this remark or conduct of Senator Broderick alone induced Mr. Douglas and his remaining corporal's guard to oppose the English substitute?

These questions are asked advisedly. We await their answer."

It is said that the taxable property of Chicago, last spring was thirty-six millions of dollars, while the amount recorded upon bond and mortgage, which it was pledged to secure, was over one hundred and nine millions of dollars.

The following is reported to me, but we are without the knowledge of the facts in the case:

CIVIL WAR IN BROWER. Civil war broke out in Brewer on Saturday, caused by the attempt of a man who lately purchased a wharf adjoining the ferry way, to appropriate that public way to his own private use. Some words passed between the lessee of the ferry and the one attempting to assume the ferry lands to his own premises, when the man drew a revolver from his boot and pointed it at the breast of the latter, the better to enforce his claim for annexation.

Republican Convention—Third District.

The Republicans of the Third District met in Convention at Readfield on Friday, Aug. 13, by their delegates, for the purpose of nominating a candidate for Congress.

The Convention was permanently organized by the choice of the following officers:

President—Wm. Pitman, Bellast.
Secretaries—Benj. W. White, South Thomaston; T. H. Keating, Frankfort.

The Chair appointed a Committee on Credentials, who subsequently reported that there were 88 delegates present from Lincoln, and 85 from Waldo.

The Committee on Resolutions consisted of Messrs. Ruggles of Thomaston, Holbrook of Knox, Holbrook of Knox, Pierce of Frankfort, and Clark of Liberal.

Hon. Ezra F. French of Damariscotta, was called for and addressed the Convention, after which the Convention adjourned until 2 o'clock.

AFTERNOON SESSION.

The other business being finished, a discussion arose as to the per diem to be adopted in the selection of a candidate for Congress, it being by all parties conceded that the nomination belonged to the Lincoln delegation. It was

Voted, That the Lincoln delegation proceed to indicate to the Convention, by informal ballot, their preference for a candidate for Member of Congress.

The Lincoln delegation then met, and balloted three times, as follows:

	1st	2d	3d
S. C. Fessenden, Rockland,	50	51	53
Wales Hubbard Wiscasset,	19	20	12
Ezra B. French, Damariscotta,	16	23	30
A. P. Oakes, Waldoboro'	10	10	9
N. A. Farwell, Rockland,	7	3	0

The Lincoln Delegation then reported, to the Convention that they were unable to agree upon a candidate, and were satisfied that the Waldo delegation had acted honorably in the premises, whereupon the whole Convention proceeded to ballot for a candidate; a choice was made at the first ballot as follows:

Ezra B. French, Damariscotta,	99
Samuel C. Fessenden, Rockland,	86
Wales Hubbard, Wiscasset	1

And Hon. Ezra B. French was declared the nominee of the Convention, amidst great applause. The nomination was then made unanimous.

Previous to the last ballot, Messrs. Hubbard and Oakes withdrew their names from the list of candidates.

The Committee on Resolutions then made a report, which was unanimously accepted.—We shall publish the resolutions hereafter.

The Convention was quite large for the season, and the best of feeling prevailed. It was composed of solid, substantial men, who were ready and willing to lay aside their own personal preferences for the interests of the District, and the ready and efficient support yielded by the unsuccessful candidates and their friends to the nominee, showed that the Republican party in the Third District will present a united front to the enemy, and that victory is sure.

Mr. French has been a long and favorably known as a great man of integrity and ability, and his election will reflect credit upon the District and the State.

The Convention adjourned with nine rousing cheers.

A Trip to Patten.—The New Settlements at the North.

NO. II.

The country between Orrington and Lincoln has made but little progress for the last fifteen years. Sunkhaze and Stud Horse, and the low burnt lands in Greenbush, Passadumkeag and Enfield remain both as they were twenty years ago. Several attempts however, appear to have been recently made in these towns to cultivate the sandy ridges in poor lands. I refer to Mr. Haines' farm in Passadumkeag, Mr. Forbes' farm in Enfield, and a farm in Greenbush near the Mattawamkeag. The land is found very easy to cultivate, and produces excellent crops. These high lands are much superior to the low lands in York County, as these have a clay subsoil, and those in York County have a coarse gravel subsoil. The time is not far distant, when these lands will be taken up and converted into flourishing farms. The high price given to laborers in lumbering operations, has in a great degree checked the settlements in these towns, but now when labor can be getting more plenty at reasonable prices, and the unpromising appearance of the soil is rapidly becoming less by the successful experience of Mr. Haines, Mr. Forbes and others, the attention of farmers will be called to these lands, and they will be converted into fruitful farms.

Lincoln has become quite a village, and looks thrifty and vigorous. A considerable pleasure travel begins to show itself along the road from Bangor, via Lincoln, to Henry's Island, at the foot of the Schoodic lake, and at the terminus of the Canal at Lake. Henry's Island is one of the favorite resorts for sporting persons from abroad, for hunting and fishing. At all seasons of the year game and fish are plenty about the Schoodic lakes, and they are easily accessible from Bangor or Oldtown.

Quite a little settlement has sprung up at the Five Islands, a mile only below Mattawamkeag Point, and at this present head of steamboat navigation. The proprietors of the river steamboats are now busy in improving the channel at the Five Islands, so as to admit the passage of the boats to the Point. The locks and canal near the mouth of the Piscataquis are about completed, and will be finished this fall, so as to admit of a clear run of the boat from Oldtown to the Point, without any transhipment of the freight. This will be an important advantage to the country above Mattawamkeag.

Mattawamkeag Point is an important place in the topography of Maine. The Mattawamkeag and the west branch of the Penobscot, after receiving the Seboois and the two branches, and draining the territory from the east and west lines of the State, here meet, on the head of steam navigation.

There is a first class hotel, and many other conveniences.

Supreme Judicial Court.

SATURDAY, Aug. 14.

The following decision in a law case, was received and recorded:

Inhabitants of Lowell vs. Inhabitants of Enfield. Exceptions overruled. Judgment on the verdict.

The case against Soper & Clark of Oldtown, charged on complaint of Calvin Dwinal, with feloniously taking and converting two millogs belonging to said Dwinal, was on trial during the day. In this case, the evidence introduced evidence that the logs in question were sealed off to Messrs. Soper & Clark, in accordance with a usage on the river in regard to stray logs—and that they were not "willfully and fraudulently" taken. The evidence in regard to usage was excluded by the Court. The cause went to the jury about five o'clock and a verdict of acquittal was reported in about half an hour.

For prosecution, Rowe & Bartlett. For defence, Geo. P. Sewall and A. Shaburn.

The Republican caucus, convened at City Hall, Saturday evening Aug. 14, organized by the choice of Hollis Bowman, Chairman, and George A. Thatcher, Secretary.

The following gentlemen were chosen Delegates to the County Convention, to be holden at Bangor on Friday the 20th inst.:—John L. Hodsdon, Albert Noyes, Michael Schwartz, and David Fuller.

Rufus Dwinal, George A. Thatcher and O. H. Ingalls were chosen unanimously by acclamation for Delegates to the Congressional Convention, to be holden at Exeter Corner on Thursday Aug. 19th.

HOLLIS BOWMAN, *Chairman*,
GEO A. THATCHER, *Secretary*.

FOURTH WARD DELEGATES.—The following named gentlemen were elected Delegates from the Fourth Ward, to the Republican Congressional Convention. The names were not returned for Saturday's paper:—B. D. Farnsworth, Joseph Ames, Jr., and Joshua Fellows.

AUGUSTA DEMOCRATIC CONVENTION.—A few days ago Hon. Thos Bradbury and Hon. George F. Shepley, passed through this city en route to Augusta, to attend the Democratic County Convention, and *harmonize* the conflicting interests in the party. The Convention met Wednesday, and Thursday evening they had been unable to *organize*, or make a movement in any direction. It is said that the two outside *harmonizers* then left them to fight it out. This looks rather discouraging for Hon.

THE PORTLAND BOATS. The following facts are stated in regard to the Lewiston and Montreal, and the effects of their collision: The Lewiston is not materially injured, and her regular trips will not be interfered with at all. The Montreal will be running order in a week or ten days. Meantime the Forest City will take her place in the evening; making the line come etc, as before.

Wm. Ross, of Kittyhawk, Me., a boy belonging to ship Cultivator, for Liverpool, fell from the mainsail sheave on Tuesday, while the ship was being towed to sea from New York, and was unnoticed. After being in the water half an hour, he was picked up by the propeller Western Port, outward bound, and afterwards transferred to the steamer Vanderbilt, which landed him at the quarantine station, below New York.

THE PORTLAND CITY BUILDINGS. The State of Maine says that the estimate for the new City Hall and Court House, completed, according to the plans of the architect, as made by Messrs. Reed, Chase and Frost, are for whole building, front, and return of towers of freestone, $156,275

Add extra expense for making portions of the building fire-proof, 10,000

Total, $166,275

The expense of finishing in Granite, will exceed this sum by some five to eight thousand dollars. The expense of finishing in mastic will be a few thousand dollars less.—The committee have decided to use the Albert freestone on the Myrtle Street side of the building for the ornamentation and projections of that part of the building.

ADMITTED TO THE BAR. In the Supreme Court, on Wednesday, on motion of Wm. W. Bolster, Esq., Solomon A. Bolster, of Paris, was admitted to practice as an Attorney at Law.

On Thursday, on motion of D. R. Hastings, Esq., Augustus R. Walker, of Fryeburg, was admitted.—*Oxford Democrat.*

A BOAT FOR ST. HELENA. Launched in Bath, on the 7th inst., a superior white oak steamer of 53 tons, called the "Fountain," built for Messrs. Carroll & Kimball, of St. Helena—to be used as a water boat for supplying ships.

The Tribune says she is to be commanded by Capt. Very, of Salem, who is to proceed with her to St. Helena. Messrs. Carroll & Kimball had a boat built in Richmond, in the latter part of 1856, which sailed from New Bedford for St. Helena, but was never heard from after leaving port. We believe, however, she was of less tonnage than the "Fountain." Her name was the "Minnehaha."—*Brunswick Telegraph.*

FIRE IN FARMINGTON. The dwelling house of Mr. John Dobbins, in Farmington, was destroyed by fire Saturday morning last.—Furniture partially saved. Loss variously estimated at from five to eight hundred dollars. Insurance policy has expired but a few days previous.

FATAL ACCIDENT. On Thursday, as the 8 o'clock train from Portland over the Boston and Maine Railroad was approaching the Exeter station, on a curve about a mile north of the depot, a man named Henry Robinson, who was walking on the track, was struck by the locomotive and thrown a distance of forty feet, killing him instantly. He was a boatman on the river, and in company with several associates, who had left him for a moment, while they went to pick some fruit in an orchard near by. He had continued on the track, notwithstanding every effort was made to apprise him of his danger. His wife was on board the train which killed him. He was a steady industrious man, aged 45 years old.

ACCIDENT.—Mrs. Miller, wife of Mr. Miller who keeps a refreshment room in India-street, last evening mounted a horse to enjoy a ride. When seated, she suddenly pulled the curb rein, which caused the animal to rear, and he fell upon Mrs. Miller, injuring her very severely, if not dangerously.—*Argus.*

LARGE ROBBERY.—The police of this city received a dispatch yesterday, notifying them that a robbery was committed on Wednesday night last, from a store in Montreal, of silks and ribbons, to the value of £600.—*Portland Advertiser.*

MEDICAL SCHOOL OF MAINE. At Commencement, David S. Conant, M. D., of New York city, was chosen by both boards, "Professor of Anatomy and Physiology" in the Medical School of Maine.

FOUND. One of our city constables found a handkerchief on the sidewalk on Central St., the other morning, with a piece of *lead* about the size of a hen's egg tied up in one corner. The owner might hear something to his advantage by calling for the delicate weapon.—*Hallowell Gazette.*

Five more deaths were baptised by Rev. Mr Amos, of the F. W. Baptist Church in this village, on Sunday last, by immersion.—*Dover Observer.*

Five persons were baptised at Hillmen's Ferry, Livermore, on Sunday, the 8th inst., by the Rev. Mr. Bailey, the Methodist preacher on Livermore circuit.

DEMOCRATIC NOMINATION IN THE FOURTH CONGRESSIONAL DISTRICT. At the Democratic Convention held at Augusta on Thursday, Asa Gile, Esq., of Readfield, was nominated as the Democratic candidate for Congress for the Fourth District.

The Bombay Geographical Society announce in their proceedings that they have received a specimen of the walking leaf from Java, with eggs and young; and, what seems more curious still, a walking flower, described as a creature with a white body, pink spots and crimson border.

The human heart has, of course, its pouting lips; it determines to live alone; to flee into desert places; to have an employment—that is, to love nothing; but to keep on sullenly beating, beating, until death lays his little finger on the wall-string, and all is still.—It goes away from the world, and straightway, shut from human company, it falls in love with a plant, a stone—yea, it dandles a cat or dog, and calls the creature darling. Yea, it is the beautiful necessity of our nature to love something.—*Jerrold.*

TIME CHANGED.—Before the last attempt to lay the Atlantic cable, the London Times undertook to question the fitness of the Niagara for the duty, and ridiculed the American government for sending so inadequate a vessel.—It now appears, however, that the Niagara behaved admirably, while the Agamemnon was very near worthless. Whereupon the Times says:—"It is mere child's play to use such ships as the Agamemnon, and we feel it somewhat derogatory to the national credit, that we should have permitted the Americans, out of their small navy, to contribute a vessel 2000 tons larger than ours, and evidently much better fitted for the work."

The wise Lockman, being on his death bed, ordered his son to approach, and said:—My son, when thou feelest a disposition to sin, seek for a place where God cannot see thee.

PUT AWAY FOR SAFE KEEPING.—A wealthy lady of Cincinnati, Ohio, who has a great dread of burglars, some time ago put away a valuable gold watch and chain in a bag of old rags, the accumulated odds and ends of the sewing room. A few days since a tin peddler called at the ladies' house, offering to exchange tin wares for rags, when the identical rag bag was produced, bargained for, weighed and delivered to the peddler, who soon departed. After admiring her new tin ware, the lady suddenly recollected the watch and chain, and sent to stop the peddler in all directions, but to no effect. The police, however, succeeded in arresting the tin merchant and recovering the watch.

LIGHTNING LEAVING A CONDUCTOR. The Salem Register gives the following account of a singular case of damage by lightning, which recently occurred at that place:

"On Friday, between one and two o'clock, P. M., a heavy thunder storm passed along the northward and eastward. About a quarter before two, the clouds had spread considerably over this city, and a continuous flash and crash made it evident that the lightning had struck within its limits. It was soon ascertained that the bolt had descended on the house of George P. Farrington, No 11½ Federal-street. The house had recently, within three weeks, been provided with Lyne's metallic copper rods, passing over glass insulators. Upon one of these the lightning descended, until it reached the insulator affixed at the top of the first story, about eight feet from the ground, when, shivering the insulator to atoms it passed into the house, cracking the ceiling of the dining room, and bursting from the plastering, directly over where Mr Farrington was sitting at the dinner table with his family—fortunately not injuring either of them. Mrs. Farrington was also sitting at the dinner table with her family—fortunately not injuring either of them. A careful examination of the facts clearly reveals the cause of the failure of the rods to afford the requisite protection. On the main front of the house are two chimneys near the ridge-pole, six or eight feet from the east and west ends of it. They were each furnished with a twisted copper rod one inch and a quarter wide, weighing two ounces to each foot in length. They were attached to the building by means of glass insulators, and passed independently of each other down the roof and over the eaves, and downward into the earth to the depth of six feet, on the north side of the house.

"The electric discharge from the northwest selected the westerly rod, melting the point at the summit, and passed harmlessly down until it reached a glass insulator attached to a clapboard nearly opposite the door of the bed-chamber over the dining room, where it shivered the glass insulator, and by the connecting wire and copper nail, and a wrought iron pail of the mop board about three inches long, nearly in the direct line of its passage over the chamber floor to a nail in it, by which it descended into the space between the chamber floor and the plastering of the dining room, to the end of the gas pipe from which a bracket of about two feet in length descends into the dining room, at the distance of seven feet from the rod.

"The cause of the insufficiency of the rod to convey the charge to the earth, was, in our opinion, *the small amount of surface at the termination in the earth, and to the sandy nature of the soil* into which it descended. Had the rod terminated in several sharp points, or in a *copper sheet or two of three feet square, imbedded in charcoal, or had the rod been connected by metallic conductors with the gas pipe, we are clearly of the opinion that it would have furnished ample protection to the house and its inmates.*"

In the Ninth District of Indiana Mr Colfax has been laboring to induce Walker the Democratic nominee, to stump the district with him. His efforts have resulted precisely as Lincoln's invitation to Douglas did, viz., several discussions, and no more.

BANGOR DAILY WHIG AND COURIER.

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER.

From New York.

New York, Aug. 14.

Steam frigate Niagara, Capt. Hudson, from St. Johns, N. F., arrived below this port this p. m., and anchored at the Southwest pass. She will come up to-morrow, when she will be visited and other demonstrational made, according to programme.

The following is the general programme agreed by the joint committee of the Common Council of this city, for celebrating the success of laying of the Atlantic cable:

In the receipt of the reply of the President of the United States to the message of Her Majesty Queen Victoria, 100 guns to be fired in front of the City Hall and national salute at the Battery and Central Park. On the evening of the day upon which the message are transmitted, the City Hall etc. public buildings to be illuminated, accompanied by a splendid display of fireworks in front of the City Hall, with music by Dodworth's Band; the various bonfires to be lighted along the North and East Rivers and in the public squares of the city. The joint Committee request that during the firing from the Battery the church bells in the city be rung and the ringing continue for one hour, and that in the evening the citizens in the vicinity of the parks will illuminate their buildings.

At the arrival of the Niagara, a salute of 100 guns will be fired from the Battery and at Fort Hamilton, and national salutes are expected to be fired from Fort Hamilton, Governor's Island and the Navy Yard, to be replied to from the Niagara.

The general festivities will take place on a day to be agreed upon with the authorities of the city of London, of which due notice will be given. On that day Cyrus W. Field, Esq., the officers of the Niagara and Gorgon, will be received by the city authorities at the Battery, and be escorted and will be saluted with a salute of 100 guns. After the reception, Mr. Field and the others will be escorted by a procession of the military and civil bodies of the city to the Crystal Palace, where appropriate addresses will be made and testimonials presented to Mr. Field, Capt. Hudson and Capt. Dayman, of the Gorgon; also, an address to the Telegraph Companies. The ceremonies at the Palace will be commenced by the vocal performance, by the various musical societies, of the Anthem and a glorious work, and closed with the Doxology, "Praise God," &c., to the tune of Old Hundred. After each address, appropriate music will be performed by the Instrumental band and an Ode and Chorus will be sung by the societies. At the conclusion of the exercises the authorities and guests will proceed from the Crystal Palace to the City Hall, to the tune of [illegible] procession, together with such societies as may desire.

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via. Panama R. R.

By order of the Postmaster-General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, including meals, on the Isthmus.

Transit made in *four hours, entirely by daylight,* thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage, without any detention on the Isthmus.

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama,* and tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city.

Leave Atlantic Wharf, Portland, every Monday, Tuesday, Wednesday, Thursday, and FRIDAY, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin,	$1,25
Fare on Deck,	1,00

Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families, and travellers are assured that by taking this Line much sorrow, fatigue and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

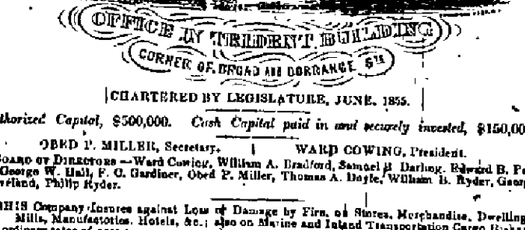
FIRE AND MARINE INSURANCE.



CHARTERED BY LEGISLATURE, JUNE, 1855.

Authorized Capital, $500,000. *Cash Capital paid in and securely invested,* $150,000.

OBED P. MILLER, Secretary. WARD COWING, President.

BOARD OF DIRECTORS—Ward Cowing, William A. Bradford, Samuel H. Darling, Edward B. Ferry, George W. Hall, F. C. Gardiner, Obed P. Miller, Thomas A. Doyle, William B. Ryder, George Cleveland, Philip Ryder.

THIS Company insures against Loss or Damage by Fire, on Stores, Merchandize, Dwellings, Mills, Manufactories, Hotels, &c.; also on Marine and Inland Transportation Cargo Risks at the ordinary rates of premium.

Losses Promptly and Equitably Adjusted and Paid.

All premiums are made specific, when Policies are issued, and are to be prepaid in money; and no further assessment in case of loss is to be made on the parties so insured. The advantages of a Stock System, which precludes the possibility of an assessment, are very obvious.

The Board of Directors have authorized the issue of Policies on country risks, detached on very low terms.

The Company expect to deserve the confidence of the public, by doing business on as favorable terms as any other similar institution, and by the utmost fairness and liberality in all their dealings.

Policies granted and issued to parties effecting insurance, at once without delay, by the undersigned, at his office.

LINCOLN'S WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IT is not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? Is it a truth that when leather is often wet and dried it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make the leather water-proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

IN announcing the THIRTEENTH Annual Volume of the SCIENTIFIC AMERICAN, the Publishers expect fully to earn the public that in order to increase and stimulate the formation of clubs, they propose to offer

One Thousand Five Hundred Dollars in Cash Premiums,

for the fifteen largest lists of subscribers sent in by the 1st of January 1859, said premiums to be distributed as follows—

For the largest list $300; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $90; 7th, $80; 8th, $70; 9th, $60; 10th, $50; 11th, $40; 12th, $35; 13th, $30; 14th, $25; 15th, $20.

Names of subscribers can be sent in at different times and from different post offices. The cash will be paid to the orders of the successful competitors immediately after the 1st of Jan., 1859.

Southern, Western, and Canada money will be taken for subscriptions. Canadian subscribers will please to remember twenty-six cents extra on each year's subscription to pre-pay postage.

Terms of Subscription—Two Dollars a year, or One Dollar for Six Months.

Club Rates.—Five Copies for Six Months, $4; Five Copies for Twelve Months, $8; Ten Copies for Six Months, $8; Ten Copies for Twelve Months, $15; Twenty Copies for Twelve Months $23.

For all Clubs of Twenty and over the yearly subscription is only $1.40.

The new volume will be printed upon fine paper, with new type.

The general character of the SCIENTIFIC AMERICAN is well known, and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various *Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work* and all inquiries which the light of true science is calculated to advance. It is issued weekly, in form for binding; it contains annual from 500 to 600 fine engravings, and notices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the SCIENTIFIC AMERICAN to present a subject discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid fearlessness in combating and exposing false theories and practices in Scientific and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

Specimen copies will be sent gratis to any part of the country.

THE LIVER NOSTRUM,

PREPARED BY DR. SANFORD.

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all morbid matter that exists from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and what is better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the blood from rising and souring.

Only one dose taken before visiting parsons or physicians.

Only one dose taken at night loosens the bowels gently, and cures *costiveness.*

One dose taken after each meal will cure *Dyspepsia.*

One dose of two teaspoonfuls will always relieve *Sick Headache.*

Only one dose immediately relieves *Colic,* while

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.

American & Foreign Patents.

R. H. EDDY,

Solicitor of Patents,

(Late Agent of U. S. Patent Office, Washington under Act of 1837.)

78 State Street, opposite Kilby-st.,

BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on the most liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that ours is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor for procuring patents. Those were now, if any, persons acting in that capacity, who had so much business before the Patent Office, and those were none who conducted it with more skill, fidelity and success. I recommend Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring those who they cannot employ a person more capable and worthy, and more capable of procuring for applicants in a form to secure for them as early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents

[From the present Commissioner.]

"Aug. 12, 1853.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON,

The following remedies are offered as the best, most perfect, which medical skill can afford. P. ALEX'S CATHARTIC PILLS are prepared with the utmost skill which the Science of this age possesses, and they have virtues which, surpass all of medicines hitherto known, do more or less good; but the various complaints, so quick and sure an efficacy and a power to operate, any thing which man have known, for removing the obstructions of the system, stimulating them into healthy action, the fountains of life and vigor anew through the body, and thus again. They are adapted to children, for when taken in one pill, but little effect. This is the peculiar It is antagonistic to disease, and children may take them with safe and as they will cure them, they will do them no harm.

Give them to some patient suffering with bilio is complaint, observing forth straighten with appetite, long-lost appetite return, the blossom into health. Give them soul blood has been impure, skin is covered with sores, and lies in anguish. He has been cast out with every poison which great. Give him these Pills, see the scales fall from his eyes, skin that has grown under it that is clean. Give them to humors have planted rheum in bones; move him, and he would too has been soaked through body with liniments and lotions. Pills to purify his blood, this for, alas! there are cases where can reach; but mark, he pale, and now he walks about, Give them to the toil-worn, whose gnawing stomach has smile from his face and tears See his appetite return, and the new man. See her that was and loveliness blasted and away; call to mind case of consumptive looking disease, has dread of digestion, assimilation of their office ill. Her blood gone. Give her these Pills Principle into renewed vigor, tructions, and infuse a new Now look again—the rose and where lately sorrow feature. See the sweet its wan, sickly features, all and painfully distinct, that away. Its pinched-up nose sleepings, tell the dread every mother knows. does to sweep these sad Now turn again and see blood. Is it nothing to they not the name of it done around you every

Have you the less serious tempers, they are the Costiveness, Headache, Stomach Nausea, Pain in Loss of Appetite, Sour kindred complaints all these which these Pills regulate vermin, and unburthen of you can, if not, take one Pill at bedtime, as we guarantee to give satisfaction in all cases. Price 25 cents per box.

Through a treatise on the making and selling Patent Medicines, we have learned that the sale of a medicine depends more upon the style in which it is put up than the quality of the medicine itself. Therefore we have spared no pains to render these Pills attractive in appearance, and we think we have succeeded. Each box contains a pamphlet containing certificates of remarkable cures performed by these Pills, and explaining their use.

THE LUXURY AND PROFIT OF

HONEY MAKING

☞ Torrey's Bee Hive.

THE subscriber having purchased the right of making and selling Torrey's Patent Bee Hive for the Counties of Penobscot, Piscataquis, Aroostook, and Washington, has been reasonably long, and taken the first steps to have it established, has introduced an improvement in the Bee Hive and is now prepared to sell rights in connection with the Hive itself, as well as rights to towns and individuals.

This Bee Hive, thus improved, is offered to persons acquainted with the business as the best to be found in every respect for the purpose. It covers all the requisites for the profitable management of the apiary, providing for ventilation at all seasons, giving room for the exercise and feeding of the bees, facilitance for the removal of excrement, and proper separation of the swarms, all favorable to the health and comfort of the workers.

The boxes used in this Hive for surplus honey are the best adapted in the market, each one holding from three to six pounds.

The subscriber wishes to put two swarms of bees in exchange for each one of individual rights.

☞ For sale, fifty swarms of Bees with new hives.

For hives, individual rights, or further information, address E. S. TORREY
